# PROFESSIONAL EXPERIENCED FLEXIBLE SOLUTION

**“SUPPORT FOR MILITARY PROCUREMENT PROGRAMS”**

GB INTERNATIONAL, INC.

## About US

With integrity, dedication, and transparency GB International, Inc, expects our partners to have stability as a business along with their commitment to the South Korean Military Procurement Program.

GB International has been elaborating in the defense acquisition with the South Korean government since year 2008. The company's active team has been specializing in the procurement of variety of defense and military equipment products with South Korea military agencies such as Defense Acquisition Program Administration (DAPA) and Republic of Korea Air Force (ROKAF) with very high successful rate of project accomplishments.

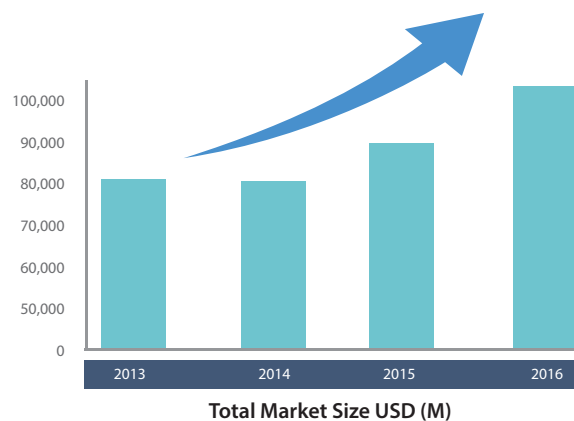

# SOUTH KOREAN MILITARY MARKET

South Korea has the world's 6th largest military and the economy that is overwhelmed with the tremendous growth in the past decade.

This allowed the country to promote its local development of defense products by utilizing the latest technologies and to drive major military projects with United States.

The country has experienced rapid increase in number of international procurements, with U.S. being the largest partner focused in exportation of aircrafts, naval vessels, and communication electronics. Additionally, international nations still have great possibilities to participate as main contractors of Projects.

## SOUTH KOREAN MILITARY IS 6TH LARGEST SPENDING 7TH LARGEST DEFENSE IMPORTING NATION
