

GB INTERNATIONAL, INC.

**Leading Global Provider of Customized
Material Handling Equipment**

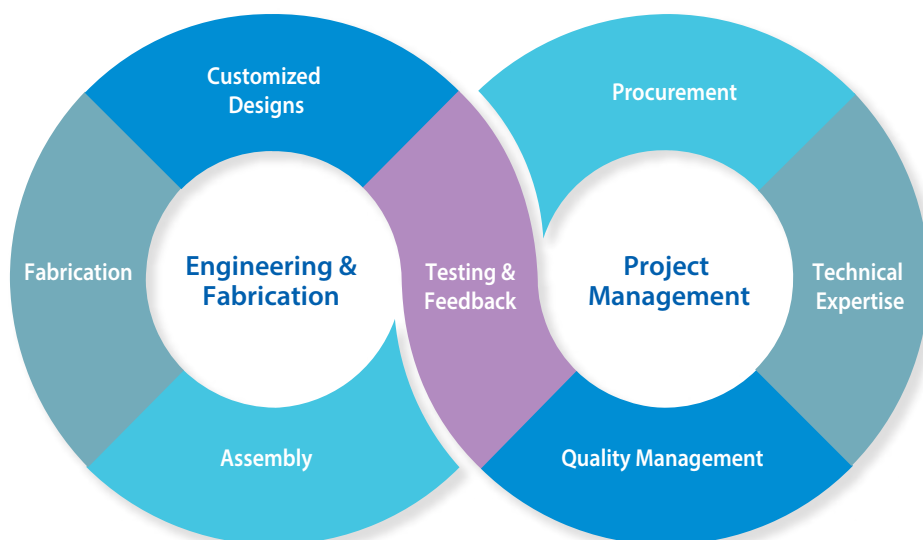

Why GBI?

Whether it's a small project or a much needed solution to a complex need, GB International remains confident in our ability to deliver the most high-end, customized Material Handling products. We do things differently than the rest of the Material Handling Equipment market.

We strive to provide customized solutions through our "engineered-to-order" system with the fastest production time in the industry. In addition, our products are completely customized to fit your unique, sophisticated fabricating requirements. GBI offers top of the line customer service that is unmatched within the industry and a differentiated product line that no other manufacturer can offer.

We are passionate about our business and we truly enjoy building long-term relationships with our clients to ensure that business growth is always the priority. Your continued success is linked to our sense of accomplishment. We look forward to doing business with you!

Material Handling Equipment

Total's Egina FPSO Project

In 2016, GBI awarded a \$5 million Material Handling Equipment Supply Project for Total's Egina FPSO, built by Samsung Heavy Industries of Korea. As a part of the contract, GBI supplied various Explosion Proof Material Handling Equipment including a Bundle Extractor and a Powered Flat Bed Trolley, among others.

By participating in the Egina project, we were able to grow the necessary skills needed to fully satisfy the various needs of our customers, especially for custom fabrication and project management. This experience has enabled us to prove our ability to understand and meet customer's expectations, regardless of the circumstance.

"Customized Designs For Your Material Handling Needs"

Bundle Extractor & Insertion

2&4 Leg Gantry

Lifting & Roller Platform

Jib Crane

Hydraulic Floor Crane

Electric Power Pusher / Puller

Electric Powered Flat Bed Trolley

Electric Powered Forklift

WPS Welding Procedure Qualification Record

Customer:
 We have reviewed on 2 April 2014 submitted the following drawings (electronically):

- WPS No.: KR-WPS-FC-16-01-02, Rev. 0 PCA# 11 "General Inert Gas Welding"
- WPS No.: KR-WPS-FC-20-01-02, Rev. 0 PCA# 11 "General Inert Gas Welding"
- WPS No.: KR-WPS-FC-20-01-02, Rev. 0 PCA# 11 "General Inert Gas Welding"
- WPS No.: KR-WPS-FC-20-01-02, Rev. 0 PCA# 11 "General Inert Gas Welding"
- WPS No.: KR-WPS-FC-20-01-02, Rev. 0 PCA# 11 "General Inert Gas Welding"
- WPS No.: KR-WPS-FC-20-01-02, Rev. 0 PCA# 11 "General Inert Gas Welding"
- WPS No.: KR-WPS-FC-20-01-02, Rev. 0 PCA# 11 "General Inert Gas Welding"

We have reviewed the results and advise that the procedures are suitable for service in being submitted
 the production used in the construction of the welding process.

Drawings/Specs of the above drawings changed or indicate any service in being submitted
 Please note that our review is based on the drawings system of the other classification review.

Please note that the above drawings were already reviewed by ABS (Ref. to Task No. 00000001)
 dated 13 November 2012 and we note that the revision notes were only changed from "KARAM
 F&T" to "KARAM F&T".

Should you need any clarifications, please do not hesitate to contact us. Your Park at 001-460-4120
 or the undersigned at 010-460-4122. In case of inquiry, please do not reply in business, please indicate
 our Task No. and the name of the client.

Yours sincerely,
